### WHAT WE WILL SEE

Mozambique southern beaches. A journey dedicated to the discovery of the Indian Ocean, which in this part of Mozambique is extraordinarily rich. reef, waves of water endless, white sand beaches and an incredible variety of fish species.

For lovers of Punta Zavora diving it is one of the most beautiful sites in the south of Mozambique.

Hundreds of species in these waters including whale sharks, manta rays, sea slugs, turtles and dozens of species not yet described by the scientific community.

*"With its 2600 kilometers of coastline, the country offers an unspoilt coastline and coral reefs unexplored with the chance to spot dolphins, humpback whales, whale sharks, manta rays and even dugongs. The northern Mozambique corals in very good state of condition, unlike those of Mauritius, Seychelles and Maldives which in many cases have diseases and excessive discoloration caused by the rise in sea temperatures. The beach is all Zavora effects a place of rare unspoilt beauty and is a true gem for those who love the ocean and quietness."*

ALL YEAR LONG

## TRAVEL

Mozambique is still a popular destination for diving and unlike other busier resorts, we will live the thrill of exploring sites still partially unknown. You can dive all year round, from June to August (winter) when because of the cooler climate there is less incidence of malaria; the sea is sometimes rather rough and the water temperature is about 23 degrees. From December to February you can meet at least 20-30 whale sharks in the bay, but you can swim with these giants of the sea during all months of the year. Humpback whales ply these waters, near the shore, in the winter period (Italian summer). Round off the natural beauty of Mozambique the opportunity to spot an amazing variety of fish and a fantastic assortment and almost completely untouched hard and soft corals.

Inhambane is the capital of the province. The favorable location on a sheltered bay contributed to the rapid development of the city, the thriving port became the main center of Mozambique for the exchange for fabrics and ivory, and in the eighteenth century to the slave trade. Inhambane today still retains the exotic charm of a city where races and cultures have merged for centuries. Thanks to the quiet location on the tree-lined streets, colonial architecture, the bustling market is one of the liveliest cities and characteristics of Mozambique.

Inhambane is the gateway to a series of beautiful beaches, including Tofu, Barra and Zavora.

Punta Zavora is considered one of the best places to spot the Manta Ray. It offers a lot of ideas for diving: Arcadia / Deans, Area 51, Deep reef south, Great wall of Zavora, La cuesta, Tentação, are just some of the names of the best points located a few km from Punta Zavora.

Ndigumbi White Sands, of all people, is a reef just 11 km from the coast and going down from 8 to 20 meters: among the sighted species are the sea lion, red snapper, surgeon fish and especially the spectacular Manta Ray .

Possible activities are varied: from diving to Ocean safari in search of the passage of the whales, the Sunset cruise on Lake Poelala birdwatching, meeting with fishermen, the "simple" relaxation.

## A SAFARI GUIDE

The boat safari on the Indian Ocean (Ocean safari) in search of whales is an exciting experience that you can do in these areas. A professional guide will accompany us for the duration of the safari to better enjoy the close contact with nature. The experience is very interesting especially for close point of view that you can enjoy boating; observing the passage of these huge mammals is really a privilege.

The Sunset Cruise on Lake Poelela, low salinity lake, is one of the recommended activities to enjoy the spectacular sunset on one of the lakes characteristic of this zone of Mozambique. They are commonly seen species of birds and for birdwatchers is a true paradise. In one afternoon we counted more than 40 species of howler eagles, kingfishers and countless storks!

### THE DIVE CENTER - DIVING

A PADI Instructor and / or PADI divemaster [www.mozdivers.com](http://www.mozdivers.com) school is always available during the dive; the cylinders are 10, 12 and 15 liters. The dives here are ideal for different levels because the reef is very close to the mainland.

On the site and talking to the Divemaster you find more detailed information on the reef and the difficulties of each output.

Important information: will be made to sign a release of liability required for diving, given the nature of the activity. The tour may be modified in terms of place and at any time for technical, organizational or security without distorting the original plan.

## TRAVEL PHILOSOPHY

*We call our trips, “expeditions”, a word which seems to better encompass the spirit of adventure and discovery of wild places, the capacity of necessary adaptability and the desire of sharing this experience with others.*

*Our programs are carefully prepared and are born from our personal experiences over the years of the places where we spend most of the year. This allows us to share the knowledge of the environment and local communities to whoever wishes to experience an adventure rather than an organized trip. During our expeditions, we like to improvise, a ballgame in a small out-of-the-way village or take a break to taste the local cuisine, or stop to meander through the colorful stands of fruits and vegetables in an outdoor marketplace.*

*We don’t travel with air conditioning observing Africa through closed windows, but we live breathing in the smells and even getting a little dirty from the red earth without thinking all day about how much further we’re going, when will there be roads of asphalt or what will we eat for dinner that night.*

*We experience Africa smelling the atmosphere, absorbing the colors, experiencing the local fruit and vegetable markets, being surrounded by children on the road without prejudice.*

*People who travel with us are not just thinking about reaching a destination but about enjoying the infinite moments during the trip to appreciate the spectacular sights of Africa even when we stop and there is nothing to do. “Doing nothing” transforms your sense of hearing into listening and your sense of watching into seeing. We prefer to “lose” time in order to better appreciate the wonders of Africa.*

*We don’t appreciate those who always want to know “what can we do for fun”, what activities or hobbies, when there really is nothing to do but wait for the sunset or for a lion to yawn: Africa has a different rhythm of life. We don’t appreciate those who travels with their entire house in their suitcase and who wants to find all the comforts of home on the road; stress must stay at the airport because it does not fit with this continent.*

*Who are appalled and shocked at a local food dish or who cry because there is no hot water need not apply; these are luxuries we give up in respect for the communities of a Continent that suffers poverty and underdevelopment.*

*We don’t appreciate those who do not have respect for animals or nature, who waste water, energy and resources without environmental respect, who does not ask for help and does not give help and who does not take care of our equipment.*

*This is our philosophy: think like us and you will be rewarded.*

# TRAVEL PROGRAM

## DAY 1 MAPUTO, MOZAMBIQUE

Arrival in the vibrant city of Maputo, Mozambique's capital at 13:30 on Ethiopian Airlines or other airline of your choices. Meeting with the guide and hotel accommodation in the city with restaurants. *Bed and breakfast*

## DAY 2 MAPUTO - LAGOA POELELA

A half-day's journey north, towards the Lagoa Poelela resort, a few kilometers from Ponta Zavora, we welcome you in a bay overlooking one of the many blue lakes with low salinity that characterize this area of Mozambique.

During the trip we will stop at a typical market if you wish to buy some fruit and browse among the stalls.

In the afternoon arrival at the lake, where we expect a beautiful sunset and a delicious dinner. *Full board*

## DAY 3 LAGOA POELELA - PUNTA ZAVORA

After breakfast heading to the diving center, located a few kilometers, for the first dive. By boat, we will try to spot humpback whales that inhabit the peak Zavora coast. Return to Lagoa Poelela Resort.

In the afternoon you can organize several activities, including a second dive or the Sunset Cruise Poelela a cruise on the lake to watch the sunset. *Full board*

## DAY 4 LAGOA POELELA - PUNTA ZAVORA

In the morning wake up at dawn and after breakfast drive to the diving center for a new dives, perhaps at "Ndigumbi" White Sands. This reef is located about 11 Km from the coast. A wonderful wall drops from 8 to 20 meters, the maximum depth point, is populated by many species such as the sea lion, red snapper or surgeon fish and it is not uncommon to spot the spectacular Manta Ray.

Return to Lagoa Poelela Resort; in the afternoon you can organize several activities including a second dive. *Full board*

## DAY 5 LAGOA POELELA - PUNTA ZAVORA

Another day dedicated to diving, perhaps to "Ndimbomba" Red Sands, reef that is about 6 Km from the coast, the maximum depth is 18 m here boulders alternate with plateaus covered by a soft red sand. Easy to come across different species of lobster, tuna and amberjacks Pacific, porcelain crabs and rainbow rings, one of the most beautiful and colorful crustaceans. In the afternoon you can organize several activities including another dive. *Full board*

## DAY 6 LAGOA POELELA - PUNTA ZAVORA

Day dedicated to diving, could be Ndigumbi White Sands. Located on a wall that drops from 8 to 20 meters, in addition to the possible meeting with the spectacular Manta Ray, you can see several species of sharks. Return to Lagoa Poelela Resort. In the afternoon we can arrange activities including a second dive. *Full board*

## TRAVEL PROGRAM

### DAY 7 LAGOA POELELA - PUNTA ZAVORA

Worthy of attention is also the wreck of the Klipfontein, a passenger ship sank in 1953 due to bump into an obstacle never identified; It comes in two parts of approximately 52 meters each and has transformed over the years into a kind of "artificial reef".

Return to Lagoa Poelela Resort; in the afternoon you can have arranged several optional activities that are not included in the price, including a second dive. *Full board*

### DAY 8 LAGOA POELELA - TOFO

Early morning departure for an adventure to Inhambane, really a nice little town to visit where we will move towards Tofo, beach renowned for its wild beauty but also because here we can organize another dive. Overnight at the lodge. *Full board*

### DAY 9 TOFO - LAGOA POELELA

Incredible Ocean Safari in search of the whale shark and return to the Lagoa Poelela.

Visit the Lighthouse of Punta Zavora, built to illuminate the routes of Portuguese traders. *Full board*

### DAY 10 LAGOA POELELA - MAPUTO

WE TRAVEL A FEW HOURS TO ARRIVE IN MAPUTO, WHERE THE NIGHT WILL BE SPENT IN A NICE LODGE. *Bed and breakfast*

### DAY 11 MAPUTO - INTERNATIONAL AIRPORT

Transfer to International airport for the return.

## TRAVEL TIPS

### HEALTH

No obligation to vaccination. Check with your doctor requirements for Yellow fever.

We recommend these vaccines:

- tetanus
- typhoid fever
- hepatitis A and B

Concerning malaria, disease transmitted by the bite of the female Anopheles mosquito, its prevention is accomplished, first of all, with a mechanic prevention i.e. avoiding getting stung, following these rules:

- sleeping under mosquito tents
- using insecticide to get rid of possible mosquitos
- after sunset, when mosquitos are more active, avoiding leaving parts of the body uncovered, wearing light-colored long trousers and long-sleeve shirts, because dark colors attract mosquitos and spraying parts of the body uncovered with Autan Extreme

For the use of any possible antimalarial drugs we suggest that you consult your Public Health Service; health norms change very rapidly.

### TRAVEL MEDICAL KIT

We suggest that you take with you a small supply of these medicines:

- analgesics/fever reducers: acetylsalicylic acid and nimesulide
- antibiotics like ciproxin or amoxicillin or clavulanic acid
- antimalarials: anyway carry with you 2 packs of Lariam for emergency cases
- antidiarrheals: loperamide or kaolin in case of symptoms (to use only if really necessary!)
- rehydration salts: in case of fluid leaks
- against car or air sickness: a pack of pills or chewing-gums
- antihistamines: in case of allergic reactions
- scissors, tweezers and thermometer
- suntan cream
- insecticides (like Autan Extreme)

### LUGGAGE

Due to space and cohabitation reasons each person shall have just a big backpack (max 15 kg), with max. dimensions 30x40x50 cm (60 liters) besides a standard small bag with photographic equipment.

We recommend that you comply with the dimensions.

We recommend mountain backpacks with shoulder straps.

### CLOTHES LAUNDRY

It will be possible to wash your clothes where we will stop at least for 2 nights

## ECO TOURISM

### AFRICA WILD TRUCK SUPPORT

Africa Wild Truck travel philosophy has the aim to minimize the potential negative impacts that derive from tourism socially, economically and environmentally. We know that tourism has got a big potential of bring benefits in remote areas as economical growth, develop and conservation. Travel in a responsible way means follow a specific travel philosophy that we hope is useful to preserve the beauty and the culture of this marvelous Continent to future generations.

### SOCIAL COMMITMENT

We think that the contact with local people and cultures is one of the essential aspects of a travel. Comprehension, tolerance and mutual respect between different cultures often mean also simple rules to follow that will be exposed to the traveler before as well as during the travel. We encourage the traveler to have an open attitude and learn customs and traditions, as well as basic words in local language.

We live here and we give local people a job so that travelers, once more, may have the possibility to interact with African people and so that money is directed to the population.

We support some territorial and social maintenance projects, both directly, involving our travelers into donating to AROUND AWT and indirectly, visiting distant areas bringing economic development and suggesting to donate one's own contribution to projects as conservation or social projects

We are supporting associates and members of associations like AITR, Italian Association for Responsible Tourism and TIES, International Ecotourism Society.

We live here so we have the possibility to monitoring the political and social situation of our destinations, communicating, if possible, all relevant information to travelers before leaving.

### ECONOMIC COMMITMENT

We lean on suppliers, products and services representing the option that is the most ethical available, even when it means paying a price reasonably higher compared to other options on the market.

We use accommodations which are chosen carefully, following an idea of conservation of the territory and sustainability of the travel, preferring positions in close contact with nature. Where possible we lean on small accommodations managed by local people that live on the territory, like us.

We don't lean on facilities or suppliers where we know there is exploitation of labor.

Where possible we stock up in the markets, buying fruit and vegetables directly from small producers, thereby supporting small economies.

We encourage travelers to buy local artifacts that do not harm the environment and that do not support illegal trafficking.

### ENVIROMENTAL COMMITMENT

• We use the Internet and e-mails as main means of communication; this minimizes the waste associated with the use of printed paper.

We use, where possible, recycled paper for all our printed releases.

We support and donate part of our takings to organizations like AROUND AWT and other associations also through the programming of the travels/expeditions. We are members of the TIES, International Ecotourism Society and of AITR, Italian Association for Responsible Tourism.

We minimize the waste like electric energy and water using the truck's batteries to recharge the electric material and managing the reserves of water in an accurate way.

We recycle: nothing is thrown away in Africa! Where possible we deliver part of what we think is no longer useful, to those who need it. Besides we follow, where possible, this simple rule: what in Africa is harmful for the environment and cannot be recycled must be taken back home! Used batteries are a simple example.

We use small facilities that minimize negative impacts on the environment. We lean, where possible, on facilities built with local materials, as well as facilities that use renewable sources of energy like solar panels.

### YOUR SUPPORT

Inform on your travel destination before leaving. Read books and consult tourism guides to collect information on culture, politics, geography, religion and traditions of the places you are going to visit. Learn a few basic words you'll need to communicate; sometimes a few words can make you get on touch more with the local culture. Inform on how to behave to respect customs and beliefs.

Dress in a respectful way. It's really easy to cause embarrassment or offend with an inappropriate clothing.

Buy local objects and use local services; this increases the local economy. But be careful what you buy: do not feed illegal trafficking or types of trade that are harmful to nature.

Pay a fair price for what you buy. Negotiating is always part of the local life; small sums of money mean big sums for a local family.

Ask permission before taking photographs and if you promise someone to send a photo, or a gift, please, keep your promise.

Avoid showing wealth and opulence especially in poor communities, where you are a guest.

Help local communities supporting development projects, rather than giving huge tips to individuals. Together we can develop new ideas. Take a look at the projects we support like AROUND AWT.

If you want to leave something, as for example giving material to a local school, or cloths to whom needs them, try to give them to an influential person. In this way the material will be divided as fairly as possible. Do not give money or medicines to individuals: we know projects to which we can give this type of material.

Never feed wild animals, especially within the parks: wild animals have not to depend on man for their subsistence.

Respect the environment: avoid leaving garbage around and if you smoke, please, do not leave your cigarette butts.

Once home think how you can help the development programs to help the country you've had the privilege to visit. Choose a Tour Operator that follows a travel philosophy that supports eco-tourism.

We support some social maintenance projects, through scientific popularization, writing guides and articles, photography, donations, our projects of AROUND AWT, visiting distant areas and so bringing economic development; if you know topics, groups, projects we don't know share them with us: we can support them and ensure that many people may be involved.
